PASLANMAZ ÇELİK YER SIFONLARI

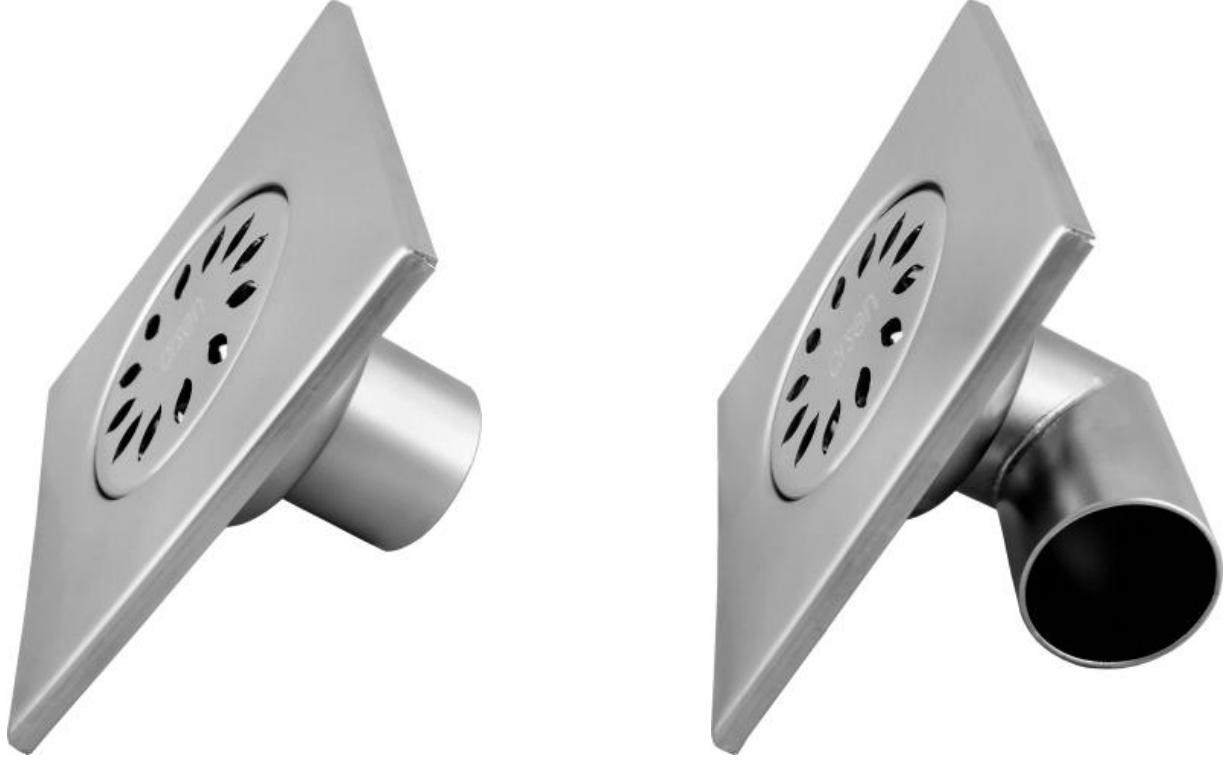

STAINLESS STEEL FLOOR DRAIN

2009 Katalog-Catalogue

Genel / General

Paslanmaz Yer Sifonları, Cr/Ni-18/8 (AISI 304) paslanmaz çelikten imal edilen, hijyenik, pislik tutmayan ve kolay temizlenen ürünlerdir. Sifonlu yapısı ile tesisattan gelen pis kokuları önler. Kapak, tesisatın tıkanmasına neden olabilecek katı maddelerin girmesini önleyen süzgeç şeklinde imal edilmektedir.

Stainless Floor Drains are produced with stainless steel. They are hygienic products and can be easily cleaned. They are smell free because of the siphon feature. The cover is produced as strainer shaped so that the water installation is not being harmed by tough materials.
